

Upcoming Events

Wednesday, October 13th: an Industrial Waterfront Tour on the Solaris tour boat of the Hudson River Maritime Museum in Kingston, together with a guided visit to the museum.

Saturday, November 6th (tentative): a tour of the historic Mohegan Granite Quarry at Sylvan Glen Park in Yorktown, NY, led by Matt Kierstead.

Details will follow for both of these tours.

As previously announced, we are combining the Annual Meeting and Symposium, to take place on Saturday Jan 29th, 2022.

And remember that annual dues for 2021 have been waived, as were dues for 2020, and we will not be requesting annual dues until notices are sent out in late November 2021 for the calendar year 2022. Anyone who has already paid dues for 2020 or 2021 will have their membership extended appropriately.
